

...measuring with you.™

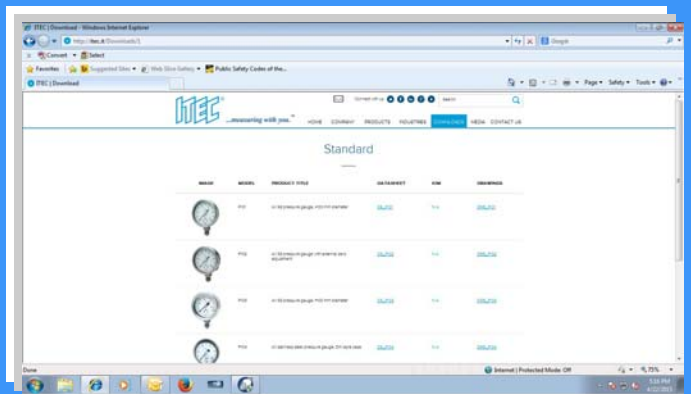

...re-launching our website www.itec.it!!!

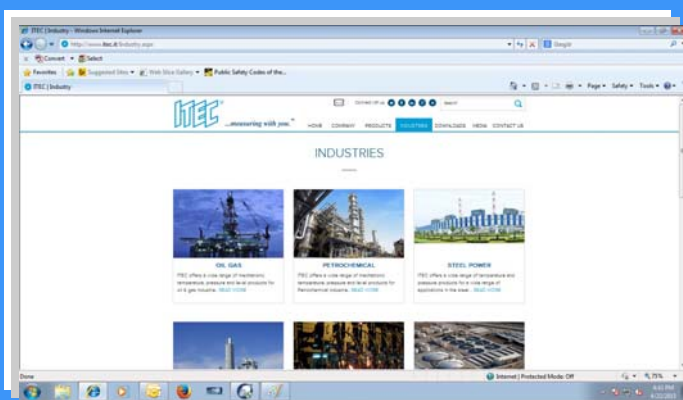

ITEC announces its launch of new website with exciting new features and easy to use menus for serving its customers in a better way. We invite all our esteemed customers to check out the experience at [www.itec.it](http://www.itec.it) and share your experience with us on our social networking pages...

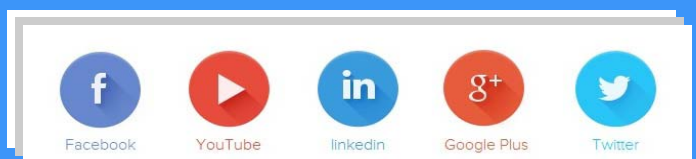

“Product” page that allows you to select the instruments as per your usage or category, be it a pressure gauge or a needle valve...

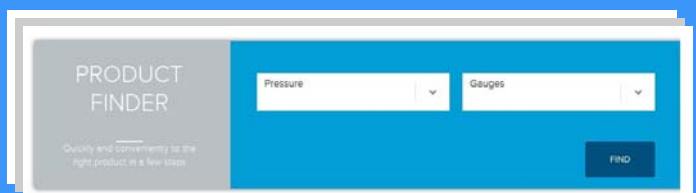

Dedicated ‘Download’ pages where Datasheet, IOM & Dimensional drawings are given at the same page with each category of products...

“Industry” page to choose the right products of your needs..

Connect to us on our social network sites...

Use our ‘Product Finder’ to choose the product in a faster way...
