

## ANNOUNCEMENT

**T**hanks for choosing our products in the past as well as in future by our esteemed customers like you. It has been always observed that you all requested us for the instruction, operation and maintenance manual or better known as IOM Manual for each product you purchase from us. In ITEC, customer requirements are valued as the prime and always devised a suitable solution.

**H**ence, after the review of our Technical team, we are proud to announce to our customers the additions of the IOM manual for all individual products in the future. The website shall be updated time to time irrespective of any time schedule, so that we can provide the customers the better experience. So keep visiting us....
